HK[®] living

With pride we present the new HKLiving collection 2012.

One of the main themes in our current collection is the purity of materials and techniques. This combined with functionality and a touch of 2012 makes our collection unique and original.

On one hand we offer basic products, which can be combined with your own style, on the other hand we developed products that gives your interior an extra touch of colour and creativity.

Please take a tour through our new collection in this catalogue and you will get a great impression of our unique label.
